Junior Entrepreneur

6C have been busy working on a JEP project—a candle making business they set up called Wicks & Sticks! They are making gorgeous, homemade candles, that are chemical-free, long-lasting and smell wonderful! They've have some great mentoring from successful entrepreneurs. The candles are €5 each and come in Lavender, Lemongrass & Ginger, Eucalyptus, Dark Honey & Tobacco scents! They hope to start selling their candles by the end of May. We encourage everyone to support their little business!
